PASTORS
IN NEED

Leaders around the world like Thoeurn, a local Cambodian pastor, face barriers to receiving formal ministerial training. Of the over 4,000 Wesleyan pastors outside of North America - pastors like Thoeurn - only 1 in 3 is trained. The Amplified Leaders initiative bolsters existing training platforms and expands new and creative methods of delivery. A pastor can receive 3 years of training for an average of \$1800. Through your generosity, 183 leaders have already been sponsored.

282 pastors are ready for training - will you sponsor one of the remaining 99?

Give to equip the 99 at gponline.org/amplifiedleaders.
